Presentation Schedule - Wednesday, April 15

Room	Embassy Ballroom	Azalea	Iris	Magnolia
Topic	SIG	GIS Planning	Workflows	Research
1:30 - 1:52 PM	TNView Presentation Competition *Natalie Robbins*	HEC-RAS Model vs ESRI ArcFlood Sim *Chase Feldman*	From 'Here's a Map' to 'Whoa, This Is Cool': Leveling up your deliverables with Experience Builder *Finn Basler and Sarah Sweat*	The USGS 3D National Topography Model in Tennessee *Eliza Gross and Paul Dudley*
1:52 - 2:14 PM		How to Build a Free and Open Stack for a Data-Driven Human Rights Archive *Carwil Bjork-James*	ADA Compliance for AGOL Applications: A Nashville Story *Chris Parker*	Future-Proofing City GIS: Lebanon's Cloud Revolution *Kevin Cross, Carey Jenkins*
2:14 - 2:36 PM		QGIS + PostgreSQL = Awesome! *Joe Pyle*	Patriot Paths – Mapping Tennessee's American Revolution Pension Applications *Suzanne White & Gordon Belt*	TDOT GNSS Reference Network and NATRF 2022 *Jim Waters*
2:36 - 2:58 PM		Building a Mapbook Using QGIS *Randal Hale*	Unlock More Value from Your GIS Through Customization *Andrew McDonagh, Leah Fuller*	Mapping the Invisible: Exploring how subsurface utilities can be precisely located and setting expectations for the tools commonly employed in this endeavor. *Ben Drury*

Presentation Schedule - Wednesday, April 15

Room	Embassy Ballroom	Azalea	Iris	Magnolia
Topic	SIG	Workflows	Solutions	Utilities
3:30 - 3:52 PM	Intro to FOSS4G, OSGEO, and the QGIS-US Users group *Randal Hale*	ArcGIS Monitor Webhook Messages to your Favorite Chat Software *Kevin Sadrak*	Scalable Work Order Management Solutions *Mandy O'Shea*	Preserve Heritage, Embrace Technology, and Streamline Geospatial Asset Management *Joe Martin*
3:52 - 4:14 PM		GIS Infrastructure Planning for a Growing City: An Enterprise GIS Assessment for the City of Portland, Tennessee *Eli Risch, Kevin Sadrak*	Transforming Legacy Maps with Experience Builder *Jeff Kirchberg & Kevin Cross*	Benefits of ESRI's Trace Network for A Sewer Dataset *Jon Brandt*
4:14 - 4:36 PM		From Frenemies to Besties: Leveraging the Best of CAD and GIS to Make Projects Smarter *Jeff McCann and Mark Crow*	Utilizing Esri's Road Closures Solution to Streamline Traffic Navigation *Andriah Friend, Philip Early*	From Data to Decisions: Using Cloud GIS and AI for Asset Risk Rating in Water Utilities *Bernie Drahola*
4:36 - 4:58 PM		Land Management: A GIS- Centric Approach to Managing Permits, Licenses and Plan Review *Tara Feaga*	A Partnership in the Sky: Tennessee's Statewide Aerial Imagery Program *Brian Sowa*	Geospatial Framework for Equitable PFAS Contamination Response in Community Water Systems *Natalie Robbins*

Presentation Schedule - Thursday, April 16

Room	Embassy Ballroom	Azalea	Iris	Magnolia
Topic	SIG	GIS Planning	Workflows	GIS Grab Bag
1:30 - 1:52 PM	Cemeteries / UAS / Thermal / Lidar *Eileen G Ernenwein*	Capital Project GIS (CPGIS) System *Jennifer Higgs; Bimal Shah*	State-Wide Flood Risk Assessment - GIS Automation at it's Finest *Leah House*	Mapping Haemaphysalis longicornis and Theileria orientalis Ikeda *Elizabeth Short and Gwyn McClelland*
1:52 - 2:14 PM		PODs: Applying Federal Practices for Local Solutions *Daniel Nielsen*	Befriend ModelBuilder - simple building blocks that help models function *Monika Staszczak*	Map It Before You Count It: Getting Tennessee Ready for the 2030 Census *Tim Kuhn*
2:14 - 2:36 PM		Project Management for GIS *Steve Veltman*	From Metrics to Action: Using ArcGIS Monitor to Improve Enterprise GIS Performance *Baylor Wagehoft*	Building a Geospatial Foundation: Lidar, Imagery, and 3D Models for Smarter State & Local Government *Heather Geyer*
2:36 - 2:58 PM		Winter Storm Fern - TDF's Response and Recovery Efforts *Colin Stiles*	Mapping Success: The Power of GIS in Project Management *Benjamin Lundberg, Michael Rhoten*	From Capture to Actionable Insights: Integrating Geospatial, Appraisal, and AI Solutions *Sam Moffat*
